Certifications & Approvals

Application

The TEXTIE-Series offers a soft bundling method and is ideal for use on telephone cables, optical fibre and network cables. These cable ties can be reopened and reused up to 400 times. A perfect solution for temporary installations and cable management for stage equipment, at outdoor events or for prototype harnessing. Maybe it is simply used in private.

Pack Cont.	1 pc.
Package Quantity per	reel
Product Family	TEXTIE-Series
Product Group	Hook and Loop Ties
Releasable Closure (Yes/No)	Yes
Tie Closure	hook and loop
Variant	Grip Tie

Product Dimensions

The image shows a technical drawing of a hook and loop tie. It consists of two parts: a top view and a side view. The top view shows a rectangular strip with a wavy edge on one side, representing the hook and loop fastener. The width is labeled 'W'. The side view shows the thickness of the strip, labeled 'T', and the length, labeled 'L'. The strip is shown in a perspective view, with the length 'L' indicated by a dimension line below the strip.

Length (L)	5000 mm
Thickness (T)	1.3 mm
Width (W)	12.5 mm
