Per il cablaggio passante, **solo 5323**, praticare un foro Ø 10 dove indicato e usare il secondo gommino in dotazione.
 For through wiring, **5323 only**, drill a Ø 10 hole where indicated and use the second grommet supplied.
 Pour le câblage traversant, **seulement 5323**, percez un trou Ø 10 à l'endroit indiqué et utilisez le deuxième passe-câble.
 Für die Durch - Verdrahtung, **nur 5323**, ein Ø 10 Loch bohren und die zweite Gummikabelführung benutzen.

■ Se necessario, è possibile esstrarre l'apparecchio semplicemente facendo leva sotto la palpebra.

■ If needed, it is possible to remove the fixture from the backbox, simply levering under the eyelid.

■ En cas de besoin, il est possible de retirer la lampe du boîtier, en faisant lever simplement sous la paupière.

■ Bei Bedarf ist es möglich, die Lampe aus dem Kasten zu entfernen. Einfach unter der Abdeckung ziehen.

■ Sono disponibili dei tappi di protezione per i grani laterali. Non necessari per installazione con controcassa.

■ Protective caps are available for the side grub screws. Not necessary for backbox mounting.

■ Des capuchons de protection sont disponibles pour les vis sans tête. Pas nécessaire avec la boîtier de coffrage.

■ Schutzkappen für die Gewindestifte sind zur Verfügung. Die sind nicht notwendig für Einbaukastenmontage.
