

SLC LED-Strip RGBW HO IP20 5m

18/06/2024

S14067

Product description

High-power RGBW strip for extra powerful light output and density between the diodes. The strip is specially developed where the white color has a higher light output than normal (up to 1000 lm/m). Create colorful and creative installations while having the option to choose white neutral light.

Technical data

Model	Strip
Lamp type	LED not exchangeable
Lamp power per meter	16 Watt
Voltage type	DC
Beam angle	120 Degrees
Rated life time L70/B50 at 25 °C	50000 Hour
Protection class	III
Colour of light	RGBW
Colour rendering index CRI	90-100
Height/depth	1,5 Millimetre
Lowest bending radius	20 Millimetre
With connection set	Yes
Number of poles	5

Mounting method	Surface mounting/recessed mounting
Number of nodes per meter	168
Luminous flux per meter	1260 Lumen
Lamp voltage	24 - 24 Volt
Type of control gear	LED operating device voltage-controlled
Degree of protection (IP)	IP20
Max. system power	80 Watt
Colour temperature	3000 - 3000 Kelvin
Width	10 Millimetre
Length	5000 Millimetre
Length of particular segments	71,4 Millimetre
Type of wiring	Ending
Conductor cross section	0,35 Square millimetre

Connection type	Other
Max length per connection:	5 meter
Brand	SLC

LED-Strip length (m)	5
Dimmable	Yes, with PWM or AM
Produced by	The Light Group
