

Motion detector 200° white

EE830

Technical Properties	
Detection angle	200
Colour	white
Supply voltage	230V +10% / -15%
Frequency	50 Hz
Type of contacts	1W + neutral
Breaking capacity	AC1
Incandescent bulb power	1500 W
Diameter of the floor detection area	16 m
Time delayed range	5s ; 15min
Brightness measurement range	5 to 1000 Lux
Sensitivity setting	no
Connection type	quick connect
Protection index IP	55
Fixing mode	surface-mounting
