## SLDL 2, SLDL 2-1P, SLDL 3, SLDL 3-1P

### CS SLDL

Protective hood, used when connecting cable from above.

### PHDL

Handle for parallel operation of two SLDL at once.

### KNB 2

Linking knife for fuseless disconnection.

### TCS 35-240

Terminal clamp for connection of a cable, 35–240 mm<sup>2</sup>. TCS is delivered in set of 3.

### TCD 50-240

Terminal clamp for parallel connection of two cables, 50–240 mm<sup>2</sup>. TCD is delivered in set of 3.

### KSBD 2

Blocking device protects against connection while working.
